

## **STRONG HANDS REACH OUT FOR WEAK HANDS**

Making "Linus Blankets" for terminally ill children has become one of the most touching ministries of our LOGOS program. As each youth pulls, knots or ties a thread, a prayer is offered for the child that will receive the blanket.

Jillian offered this prayer of dedication during our Spring LOGOS Worship Service: "These Linus Blankets were made from the strength of our hands and the love of our Lord. Today we give them to children who need His warmth and care. So from now on, they will know they are "children of God," made in God's image. Amen"
