## **Church Nursery Attendant Ministry Guidelines**

Thank you for your willingness to participate in this ministry. Having church members who are willing to care for their children enables young families to worship with us.

### **Responsibilities of Church Nursery Attendant Lead**

1. Check each nursery weekly to ensure that necessary supplies are replenished.
2. Check each nursery on Sunday mornings to ensure that volunteers have arrived to care for children who need nursery care.
3. Remove/laundry crib sheets and clean toys used in the crib nursery.

### **Responsibilities of Church Nursery Attendants**

1. Report to your assigned nursery at least 15 minutes before the church service begins.
2. Ask parents to sign their children in and note any special instructions they provide for their children's care.
3. Remain in the nursery to which you are assigned at all times so that children are always in the company of two responsible caregivers.
4. Release children only to their adult family members.
5. Put toys in their proper places at the end of the service.

If you have questions about your responsibilities, please contact the Nursery Team lead, Kathy Baldwin at [kmbaldwin1@cox.net](mailto:kmbaldwin1@cox.net) or 373-1459.
